

“Spares” List Procedures on Self Select Days

Adding name to “Spares” List

- If you don't have a team, you can add your name to the “Spares” List on the Nomination Sheet.
- If you have already nominated in a team and your partner withdraws, you must find a replacement or cross your names off the Nomination Sheet and, if you still would like to play, place your name on the “Spares” List.
- Always put your contact number with your name on the “Spares” List.
- If when you are putting your name on the “Spares” List and there are name/s already on the List, contact that person to see if they would like a game with you. If that person is still available, remove their name from the “Spares” List and place your name with theirs on the Nomination Sheet.

Note:

- It is not the responsibility of the Selector to find a team for you. The only time it is the Selector's responsibility to find players is when there are an odd number of teams on the Nomination Sheet when the Selector comes to do the draw.
- Having a “Spares” List with up to six names on it means we could have another three teams if contacts are made.
- If you are on the “Spares” List and you don't receive a phone call, unfortunately you have missed out on a game.
